## EDUCATION

---

### Wichita State University

*Masters in Computer Science*

Wichita, KS

*Aug 2021 – Jul 2023*

### SCSVMV University

*Bachelor's in Electronics and Communication*

Tamil Nadu, India

*Jun 2016 – Jul 2020*

## EXPERIENCE

---

### Software Developer

Feb 2023 – Present

*Infonet Technologies LLC*

*Wixom, MI*

- Architected a flexible online scheduler employing both MERN technologies and TypeScript that enabled seamless integration of additional features based on customer feedback within four sprints exceeding quality benchmarks.
- Integrated secure Google Auth and automated CI/CD pipelines with custom Docker images on Jenkins, boosting deployment efficiency by 50%.
- Orchestrated robust cloud deployments with Terraform, Kubernetes on AWS, and Datadog for monitoring, achieving a 95% success rate in cloud projects.
- Authored precise technical documentation and collaborated cross-functionally to optimize cloud infrastructure, enhancing team productivity by 25%.

### Fronted Developer

Jan 2022 – Sep 2022

*Stategic Pete*

*Wichita, KS*

- Led the creation of innovative user interfaces and responsive web applications using React.js, AngularJS, HTML5, and CSS3; increased user satisfaction ratings by 31% while enhancing audience engagement levels by 12%..
- Redesigned object-oriented Node.js code and mastered concurrency techniques, significantly enhancing application performance and responsiveness.
- Designed an intuitive admin dashboard for systematic appointment management, elevating administrative efficiency and user experience.

### Project Engineer

Sep 2020 – Sep 2021

*Wipro Ltd*

*Bangalore, India*

- Delivered a high-performance Appointment Management web application within two months, utilizing React for the frontend and Node.js for the backend, ensuring 24/7 support and efficient task management.
- Spearheaded the migration of Answering Services web applications to the alpha version, collaborating with software engineers and UI/UX designers, which boosted customer acquisition and increased revenue by 40%.
- Implemented robust security measures, optimized data retrieval by 25-35%, and enhanced real-time data processing using Kafka, significantly improving application performance and user experience.

### Developer Trainee

Dec 2019 – Sep 2020

*Wipro Ltd*

*Bangalore, India*

- Created, developed, and tested HTML5, CSS3, Bootstrap, JavaScript, jQuery, and React.JS to ensure they meet accessibility and web browser standards for websites.
- Improved responsive, high-performance websites using HTML5, CSS3, Bootstrap, JavaScript, React.js, and jQuery, ensuring cross-browser compatibility and accessibility standards.
- Developed scalable SPA projects with React.js, TypeScript, Node.js, and Postgres SQL, optimizing code reusability and system reliability through custom exceptions and reusable components.

## TECHNICAL SKILLS

---

**Languages:** Java, Python, JavaScript, Typescript, HTML5, Tailwind CSS , R, C/C++

**Frameworks:** React.js, Next.js, Node.js, Express.js, React Native, Spring, Springboot, REST, GraphQL

**Cloud:** AWS (ECS , ECR, S3 ,EC2 , Lambda)

**Database:** SQL (Postgres), NoSQL, Mongo DB, Oracle DB, Supabase, Firebase

**Tools:** Postman, Selenium,Chrome Dev Tools, React Dev Tools, MongoDB Compass

**Automation:** Docker, Kubernetes, Jenkins, GitLab CLI

**CI/CD-Version Control:** Git, GitHub
